SUMMARY

Motivated and enthusiastic **BCA** student with a strong interest in web development and **UI/UX** design. Skilled in **HTML**, **CSS**, **Tailwind CSS**, **JavaScript**(basics), and **MongoDB**(basics), with hands-on experience building responsive and user-friendly web applications. Passionate about learning new technologies, solving real-world problems, and continuously improving technical skills through practical projects. Seeking an opportunity to contribute, grow, and build a successful career in **Software Development**.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript(basics)

Frameworks: Tailwind CSS, Bootstrap.

Database: MongoDB (Basics), Supabase(basics).

Programming Language: Python (Basics)

Tools & Platforms: Git, GitHub, VS Code, Render.

Concepts: Responsive Web Design, UI/UX Fundamentals.

EDUCATION

Bachelor of Computer Applications (**BCA**),

The American College (2023–2026)

CGPA: 6.9

CERTIFICATES

Introduction to MongoDB

Successfully completed a certification covering MongoDB fundamentals, NoSQL concepts, collections, documents, and CRUD operations.

UI/UX Design Workshop

Participated in a hands-on workshop covering UI/UX principles, wireframing, user-centered design, and design thinking.

PROJECTS

1. Personal Portfolio Website

Technologies: HTML5, CSS3, Tailwind CSS

- Developed a responsive personal portfolio website to showcase my skills, projects, certifications, and resume.
- Designed with a clean and modern user interface for an improved user experience.
- Implemented responsive layouts to ensure compatibility across different devices.
- Created easy-to-navigate sections for projects, skills, and contact information.

2. Food Store Website

Technologies: HTML5, CSS3, Tailwind CSS

- Built a modern and responsive food store landing page with an attractive user interface.
- Designed sections for featured products, categories, and customer engagement.
- Ensured mobile-friendly responsiveness using Tailwind CSS.
- Focused on clean layouts and intuitive navigation.

3. Travel Agency Website

Technologies: HTML5, CSS3

- Developed a responsive travel agency landing page with a modern and visually appealing design.
- Showcased travel destinations and tour packages in an organized layout.
- Implemented responsive design for seamless viewing across devices.
- Focused on user-friendly navigation and clean UI principles.

4. Yuvaraj Quotation Manager

Technologies: HTML5, CSS3, JavaScript

- Developed a quotation management web application with a clean and intuitive interface.
- Implemented features to create and manage business quotations efficiently.
- Added PDF export functionality for generating printable quotations.
- Included client details management, itemized pricing breakdown, and responsive design.

STRENGTHS

- Quick Learner
- Problem Solving
- Self-Motivated
- Adaptability
- Attention to Detail
- Communication Skills
- Time Management
- Willingness to Learn New Technologies
